Education

B.A. Interactive Arts & Technology | Simon Fraser University

Sep 2024 - Apr 2029

Concentration in (1) Designing Interactions, (2) Design & Development for Web & Mobile, and (3) Evidence Based Interactive Systems.

Experience

Design Intern

Apr 2026 - Aug 2026

TEALEAVES (Internship)

- Iterated on custom packaging designs across multiple visual directions, synthesizing client feedback to refine visuals and meet brand standards.
- Coordinated design and production for 16+ event materials (signage, menus, collateral) for 250-guest culinary experience using Adobe Creative Suite.
- Performed quality control reviews on packaging, labels, and digital assets to ensure brand compliance before production.

UI/UX Designer

Jul 2026 - Present

FLUI Design Jam (Volunteer)

- Built a complete brand design system with specifications for theme, colour, typography, icons, and components; presenting findings in a developer-focused slide deck.
- Utilized Figma to wireframe and prototype 4 website sections, applying accessibility best practices and usability patterns to improve stakeholder experience.
- Refined components based on weekly team critique for improved usability.

UX Designer

May 2026

ScrapBooks (Project)

- Conducted primary research with 35 Gen Z travellers through surveys and interviews, creating journey maps to identify pain points for Apple Maps feature design.
- Designed low-fidelity wireframes and high-fidelity Figma prototypes, incorporating research insights and accessibility considerations.
- Coordinated cross-functionally with a 4-person product team to align on feature scope, user needs, and stakeholder-centred design solutions.
- Won Best Community Project at SparkJam 2026.

Additional Experience

Visual Designer @ WiCS x WiE Networking Night Committee

Sep 2026 - Present

Graphic Design Coordinator @ SFU UPhoto

Jan 2026 - Present

Motion Design + Video @ SFU Blueprint

Jan 2026 - Present
